

Are you: **OMFS, ENT, H&N Surgeon, trainee, oncologist, pathologist, radiologist or nuclear medicine physician with an interest in SLNB?**

Sentinel Node Biopsy

Exciting developments in this emerging field show that SNB may have utility outside early H&N cancer staging, such as lymph node preservation in advanced tumours.

Get up to date with the latest evidence and hear from experts how they deliver a high-quality H&N SNB service.

9th International Symposium for Sentinel Node Biopsy in Head and Neck Cancer

Delivering the most in depth and up to date analysis of the use of SNB in the head and neck.

Suitable for SNB enthusiasts and beginners alike.

Be part of the discussion:

- Are micrometastasis and ITC always clinically significant?
- Is radiotherapy preferred over completion neck dissection?

Date

Wednesday 16 July 2025
08.45 – 18.00

Venue
